

AcuPoint Analysis LUPUS

Points

- G24** In the middle of the natural hairline, 3 cun above the center of the eyebrows.
- GB33** On the outside of the leg level with the top of the knee cap in the depression just above the the bony knob at the bottom of the thigh bone.
- K20** The width of 5 thumbs above the navel and one thumb to either side of the abdominal mid-line.
- LI20** At the flare of the outer nostrils where they join the cheek, on the cheek, rather than on the nostrils.
- LU07** On thumb edge of the wrist, 1.5 Cun toward elbow from wrist crease nearest hand. A difficult point to find, but made easier by linking the hands (in picture), find point beneath index finger lying along top of wrist, deep in a small hollow.
- LV06** 7 cun above the inner ankle crown on the inside back of the tibia or shin bone.
- SP03** On the inside of the foot just behind the large bulging joint of the big toe. On the metatarsal bone.
- ST12** Hunch the shoulders forward as far as possible; two hollows will be formed just behind the collar-bone 4 thumb widths from the centerline of the body. Place acu-ki in the hollow and relax the shoulders.
