

- G02** On the centerline of the back, just above the crease of the buttocks.
- K03** The width of two thumbs above the crown of the inner ankle, still on the inner side of the leg, but almost to the rear of the leg. Do not strongly stimulate this point after the third month of pregnancy.
- GB34** Slightly below the level of the bottom on the kneecap, on the outer side of the leg, in the slight depression formed when the knee is completely straight. Forward of a line to the crown of the outer ankle.
- ST36** The width of one hand (3 Cun) below the bottom of the kneecap, and the width of one thumb (1 Cun) toward the outside of the leg (direction of the small toe.) Found in the trough or valley where the two most prominent bones of the calf come together.
- UB30** 1.5 Cun from the spine midline, at the level of the 4th posterior sacral foramen. Just above the crease where the buttocks come together. Easily stimulated with the Back-eze.
- UB54** In the center of the crease at the rear of the knee, between the two ligaments. Do not use this point if you have varicose veins.
- G26** Midway between the nose and the upper lip.
- UB60** In the hollow (or valley) behind the crown of the outer ankle.
- EA06** Upper Lumbar Vertebrae, Buttocks. Located on the 6th zone of the Antihelix.
- EA07** Lower Lumbar Vertebrae, Sciatic Nerve, Sciatica, Ischium. Located on the 7th zone of the Antihelix.
- EA08** Upper Sacral Vertebrae. Located on the 8th zone of the Antihelix.
- EA09** Master Point 2, (Sympathetic Tone), Lower Sacral Vertebrae, Chinese Sympathetic Nerve. Located on the 9th zone of the Antihelix. This master point improves vascular circulation and balances Sympathetic Nervous System activity.
- FI54** Low spine. On the inside of the foot
- HI54** Low spine and coccyx. Inside hand.
